DR. HENRY C. LEE

“The Original CSI”

Dr. Henry C. Lee is one of the world’s foremost forensic scientists. Dr. Lee’s work has made him a landmark in modern-day criminal investigations. He has been a prominent player in many of the most challenging cases of the last 45 years. Dr. Lee has worked with law enforcement agencies in helping to solve more than 6000 cases. In recent years, his travels have taken him to England, Bosnia, China, Brunei, Bermuda, Middle East, South America and other locations around the world.

Dr. Lee’s testimony figured prominently in the O. J. Simpson trial, and in convictions of the “Woodchipper” murderer as well as hundreds of other murder cases. Dr. Lee has assisted local and state police in their investigations of other famous crimes, such as the murder of Jon Benet Ramsey in Boulder, Colorado, the 1993 suicide of White House Counsel Vincent Foster, the murder of Chandra Levy, the kidnapping of Elizabeth Smart and the reinvestigation of the Kennedy assassination.

Dr. Lee is currently the Chief Emeritus for the Scientific Services and was the Commissioner of Public Safety for the State of Connecticut from 1998 to 2000 and served as Chief Criminalist for the State of Connecticut from 1979 to 2000. Dr. Lee was the driving force in establishing a modern State Police Forensic Science Laboratory in Connecticut.

In 1975, Dr. Lee joined the University of New Haven, where he created the school’s Forensic Sciences program. He has also taught as a professor at more than a dozen universities, law schools, and medical schools. Though challenged with the demands on his time, Dr. Lee still lectures throughout the country and world to police, Universities and civic organizations. Dr. Lee has authored hundreds of articles in professional journals and has co-authored more than 30 books, covering the areas, such as; DNA, Fingerprints, Trace Evidence, Crime Scene Investigation and Crime scene reconstruction. His recent books; Famous Crimes Revisited, Cracking Cases and Blood Evidence have been well received by the public.

Dr. Lee has been the recipient of numerous medals and awards, including the 1996 Medal of Justice from the Justice Foundation, and the 1998 Lifetime Achievement Award from the Science and Engineer Association. He has also been the recipient of the Distinguished Criminalist Award from the American Academy of Forensic Sciences; the J. Donero Award from the International Association of Identification, and in 1992 was elected a distinguished Fellow of the AAFS.

Dr. Lee was born in China and grew up in Taiwan. Dr. Lee first worked for the Taipei Police Department, attaining the rank of Captain. With his wife, Margaret, Dr. Lee came to the United States in 1965, and he earned his B.S. in Forensic Science from John Jay College in 1972. Dr. Lee continued his studies in biochemistry at NYU where he earned his Masters Degree in 1974 and Ph.D. in 1975. He has also received special training from the FBI Academy, ATF, RCMP, and other organizations. He is a recipient of seven honorary Doctorate Degrees from Universities in recognition of his contributions to Law and Science. Dr. and Mrs. Lee have been married for 40 years and have two grown children, a daughter, Sherry, and a son, Stanley.
